Welcome

Your Audi Extended Warranty cover has been designed to give you additional peace of mind when you need it most.

The Owner's Manual

Please read the Owner's Manual and any additional literature carefully as soon as possible.

Treating your vehicle correctly and ensuring it receives regular care and maintenance will help maintain its value, and it's also required to ensure you keep your extensive warranty cover.

Digital Service Schedule

Audi has been using the new Digital Service Schedule since autumn 2012. In order to create a simple and secure method of documenting the services performed, the conventional Service Schedule with spaces for workshop stamps is being replaced by the Digital Service Schedule. For this reason, the record of service work carried out is kept digitally in a central system and no longer entered in written form with workshop stamps.

This enables the regular care and maintenance of your vehicle to be fully

documented without risk of loss, which helps to preserve your vehicle's value and protect the Service Schedule against forgery.

You will receive confirmation of the services performed on a service printout. At each service, this printout will be replaced by an up-to-date version.

Should you lose the printout, your Audi dealer will certainly provide you with a new one.

Warranties

We've got a long history of producing innovative, high-quality products; and the warranty on your Audi is no different.

Your vehicle has now an additional 2-year Audi warranty against mechanical defects

To ensure you don't invalidate these warranties, you'll need to ensure that your vehicle is serviced and repaired in accordance with the Manufacturer's guidelines and specifications

Customer will have to bear the cost of any defect, damage or malfunction to the vehicle that is caused by servicing and repairs by third parties.

Proper invoicing with details will be required for referencing by the Audi Service Partner.

Examples of such details (not exhaustive) include Audi Genuine Part Numbers, Quantity of the Parts replaced, Grade of Engine Oil used.

Owners must ensure the correct engine oil grade is being used, please approach your Service Advisor for more details.

Audi Warranty

Coverage

Audi provides a warranty in accordance with the warranty terms for new Audi vehicles, as detailed in the contract of sale.

Audi warrants that your Audi vehicle shall be free of mechanical defects upon conclusion of the initial 3 year new vehicle coverage with mileage limit of 200,000km for an additional period of 2 years, whichever comes first. The coverage is limited to vehicles sold and registered in Singapore by an Authorised Audi Partner only.

Please note that this warranty does not cover normal wear and tear or damage caused by abnormally rough or improper use, or unauthorized modifications.

If your vehicle does break down, please contact your nearest Authorised Audi Partner.

Items replaced under warranty

An Authorised Audi Partner must carry out any remedial work under warranty, and will repair or replace any defective parts at its sole discretion. Any part replaced is warranted free from

manufacturing defect until expiry of the original vehicle warranty. Any part removed because of replacement becomes the property of Audi. You may take your vehicle to any Authorised Audi Dealer for warranty work to be performed.

Change of ownership

The warranty is not affected by any change of ownership of the vehicle.
